Step 2: Add your website. Simply click on “For Publishers” link from the top menu. You will see a page where you need to type in your website details.

For best results, we advise you to enter as many information as possible.

My Websites

This Page Will Allow You To Add, Edit or Delete Your Websites. Please Enter As Much Info About Your Website As Possible. The More Info You Enter, The Easier People Will Find Your Site, and Buy Ads From You. **Please Note:** If You Delete a Website, all Stats, Ad Products and Anything Related To That Website Will Be Deleted.

Sub Category:

Website Type: (Very Important) *

Step 3: Set Advert Rates and Settings

This page allows you to specify which type of adverts you will provide in your website. Images, Text/Video advert types are all possible. For adverts you have the option to either make it Pay Per Click or flat rate for a specific period. This is entirely up to you and we are giving you all possible options.

The screenshot shows the 'Publisher & Advertiser Control Panel' with the 'Set Ad Rates and Settings' section active. The left sidebar includes 'Publisher Features' (Home, Ad Approvals, My Websites, Ad Rates and Settings, My Earnings, Live Ad Stats, Ad Codes, Further Promotion) and 'Advertiser Features' (Current Ads Running, Live Ad Stats, Detailed Ad Stats, Buy Run Of Network Ads, Update Personal Details, Logout). The main content area has tabs for Text, Image, Video, Popunder, Popup, Full Page, Inline, InVideo, Splash, Pop, and Peel. Below the tabs, it says 'Currently Showing Text Ads Prices For Your Website: vip.asia'. A table shows 'Ad Product' (Pay Per Click), 'Cost' (\$0.20), and 'Ad Length' (N/A). There are 'Add' buttons for 'Add New Text Ad Product', 'Add Pay Per Click Text Ad Product', and 'Add Pay Per Impression Text Ad'. A question asks 'Are You Willing to Let Potential Advertisers Make Offers For This Ad Product?' with 'Yes' and 'No' radio buttons.

Step 4: Get the HTML code and put it in your website.

Simply click on "Ad Codes" link from the left side menu. Use the drop down list to choose the advert you would like to get the HTML code for. Once selected, you will get option of what to colors you would like the advert text to appear like. When you click Save Settings the HTML code will appear and simply copy and paste it to your website. Now you are done, you can come back to this page to change the size, colors of the advert space if needed.

The screenshot shows the 'Publisher & Advertiser Control Panel' with the 'Get Your Ad Code' section active. The left sidebar is the same as in Step 3, but 'Ad Codes' is highlighted. The main content area has a dropdown menu for 'Text Ad'. Below it, there are radio buttons for 'Default Ad' options: 'Blank White Space', 'Advertise On This Site', 'Websites Default Ads', and 'Custom HTML Code'. A large text area is provided for 'Custom HTML Code'. Below this, it says 'Currently Showing HTML Ad Code : vip.asia'. There are settings for 'Layout' (Vertical, Horizontal, Leaderboard (728 x 90)), 'Text Direction' (Horizontal, Vertical), 'Text Colors', 'Border Color', 'Number of ads to show at any one time' (5), 'Text Characters In Headline' (25), and 'Text Characters In Description' (70). There are also 'Fonts' and 'Other Options' sections.
